### Fund a Wave of Philanthropy

#### LA LUZ

We're building a sandcastle of support for Sonoma Valley's very own La Luz Center with this year's fabulous fund-a-need. La Luz Center responds to the crises of the immigrant community by providing emergency services including, but not limited to, distribution of 2 tons of food per week, help with job applications, rental assistance and access to medical and dental care for both adults and children. During the harvest season La Luz also provides emergency services and housing to vineyard workers. While these short-term

services are absolutely essential, they are not enough. La Luz is dedicated to improving the quality of life in our community in the long term through providing educational opportunities that range from nutrition classes, public forums and workshops for groups such as abused women, computer literacy and GED classes taught in Spanish. In addition, La Luz offers English classes for everyone from toddlers to adults – a critical skill in helping their clients help themselves. Even your \$250 bid will help expand the English classes in collaboration with the Sonoma Valley Adult School. Please put your toes on the nose and your paddle in the air to share a little of the joy and pleasure of this day with the less fortunate of our community.
